Picture Japan: Murakami, New Sun King

Associated Press

A sculpture by Japanese artist Takashi Murakami entitled “Kaikai” is displayed at Versailles palace, outside Paris, September 9. The piece is part of an exhibition by Mr. Murakami that brings cartoon behemoths, child-sized figurines and a flower-patterned carpet to Versailles, better known for works of art like the Hall of Mirrors constructed under the supervision of Louis XIV, the “Sun King”. The exhibition opens Sept. 14 and runs until Dec. 12.
